Getting started with iRenderings

Step-by-Step User Guide

Setup An Account

- Setup an account using this link <https://irenderings.aareas.com/create-an-account/>
- Add your First Name, Last Name, and Email Address.
- Password must be at least 8 characters, contain at least one uppercase letter, one digit (0-9), and one of the following special characters (!@#\$%&*?-_).
- Indicate if you are creating iRenderings for Company or Personal use.

The screenshot shows a dark-themed 'Create an Account' form. At the top, it says 'Create an Account' in large white text, followed by a link to log in for existing users. The form contains several input fields: 'First name*', 'Last name*', 'Email*', 'Password*', and 'Confirm Password*'. The password fields have a small eye icon to toggle visibility. Below the password fields, there is a section titled 'Password Requirements' with a list of criteria. At the bottom, there are radio buttons for 'Company' and 'Personal' under the heading 'I'll be using iRenderings for: *'. A large yellow 'Create an Account' button is at the bottom of the form. A footer note states: 'By clicking Create an Account you agree to iRendering's Terms and Conditions and Privacy Policy.'

For the Company Account, to complete the profile, fill out the Company Name and Mobile number.

The screenshot shows the iRenderings website's 'Complete Profile' login page. At the top left is the iRenderings logo. At the top right is a 'Dashboard' button and a user profile icon. The main content area has a black background with the title 'Complete Profile' in white. Below the title are two input fields: the first is labeled 'Upward' and the second contains the number '4165552323'. A yellow 'Login' button is positioned below these fields. The footer is grey and contains the iRenderings logo on the left, 'Help' and 'FAQ' links on the right, and a welcome message 'Welcome to iRenderings, how can I help?' with a chat icon.

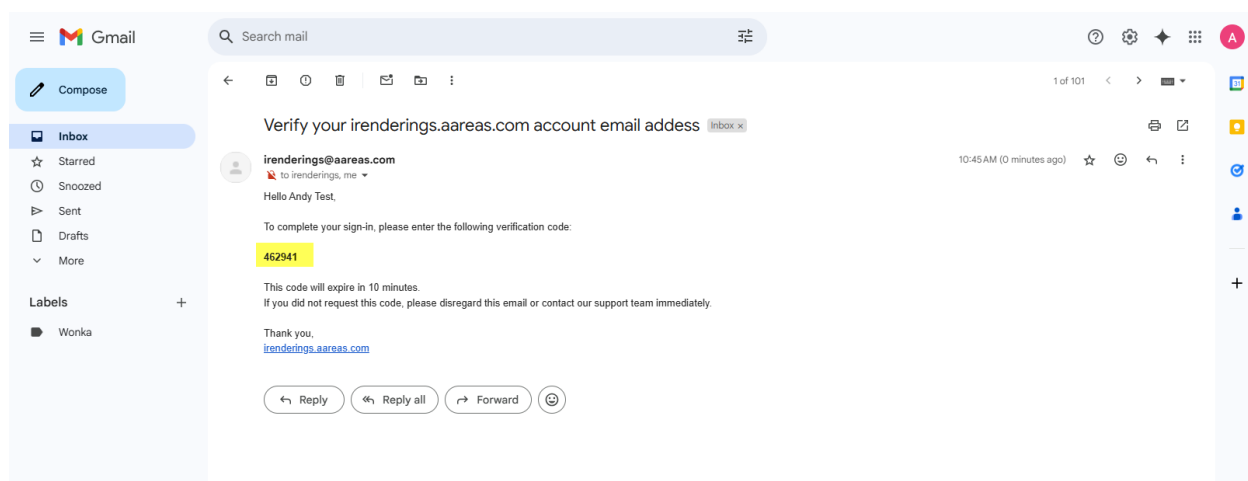

Log In to Your Account

Enter the verification code sent to your email address.

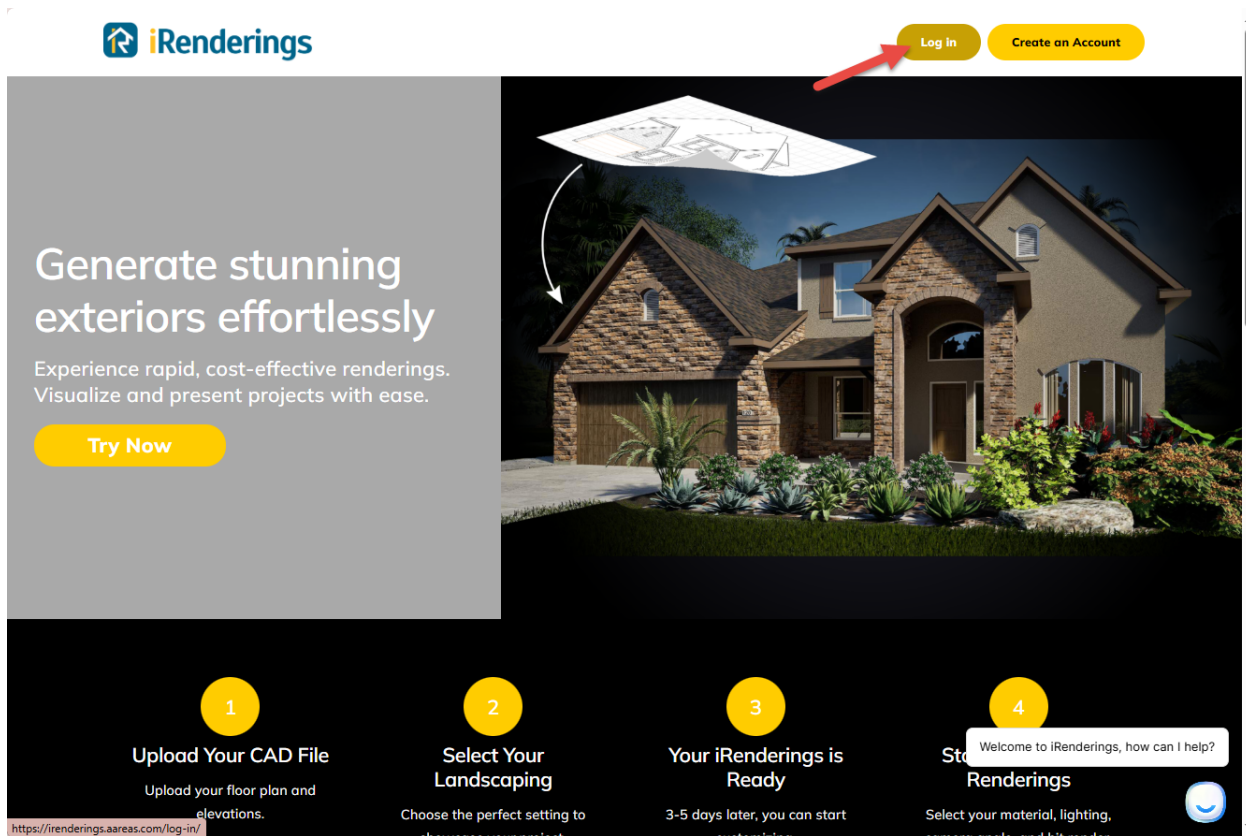

Input the code immediately as this will expire within 10 minutes.

The verification code sent to your email is being used as a two-factor authentication, which means you need both your password and a second verification step to access your account securely.

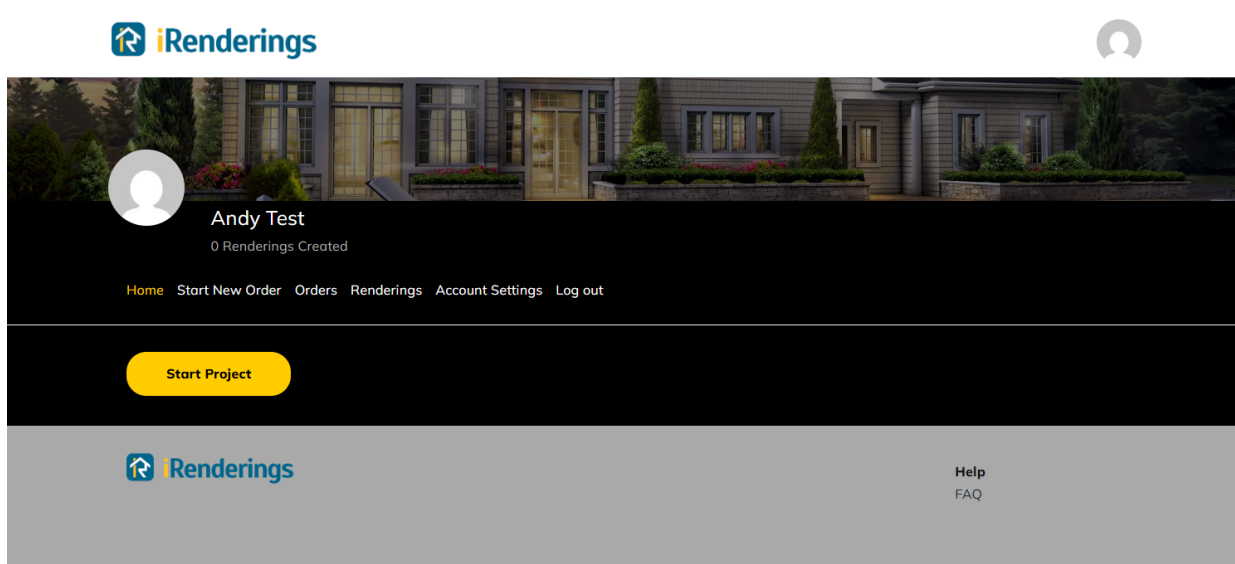

If you already have an account, simply click “Log in” to access it

Start New Project

After logging into your account, click the “Start Project” button and complete all required fields in the Project Details section, including Project Name, Project City, Project Country, Project State/Province, and Project Type. Once finished, click “Next.”

Follow the steps given in the next stage.

Click “Add additional floor plan” to add more renderings, or click “Next” to select the Rendering type.

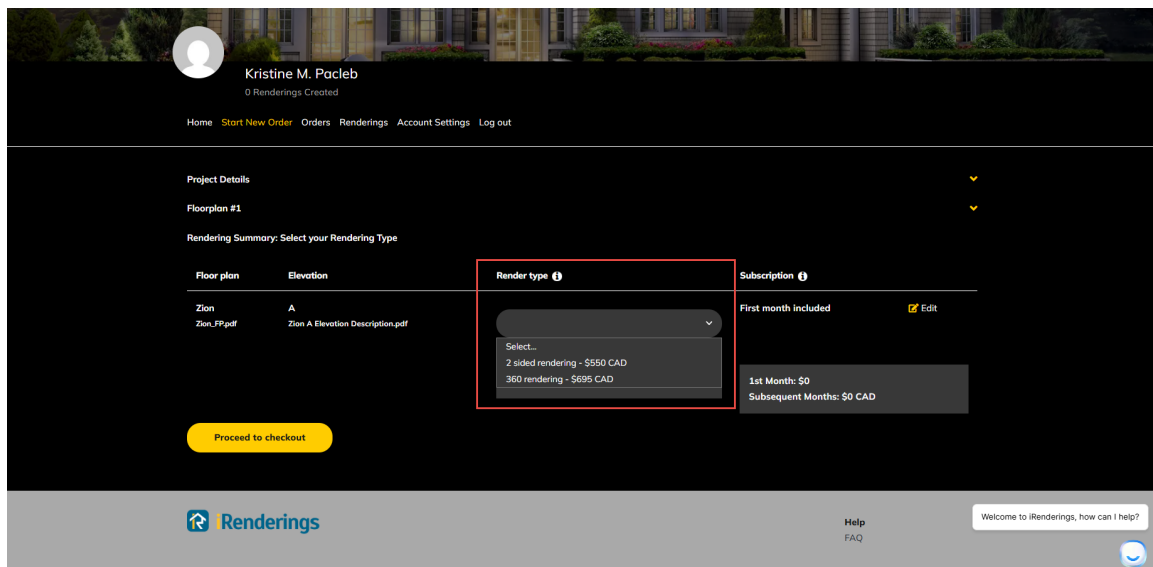

If the project is not yet completed, the system will automatically resume your last session when you enter the same Project Name, allowing you to continue from where you left off.

Click the “Keep Progress” button to resume the project or “Start New Order” to start over.

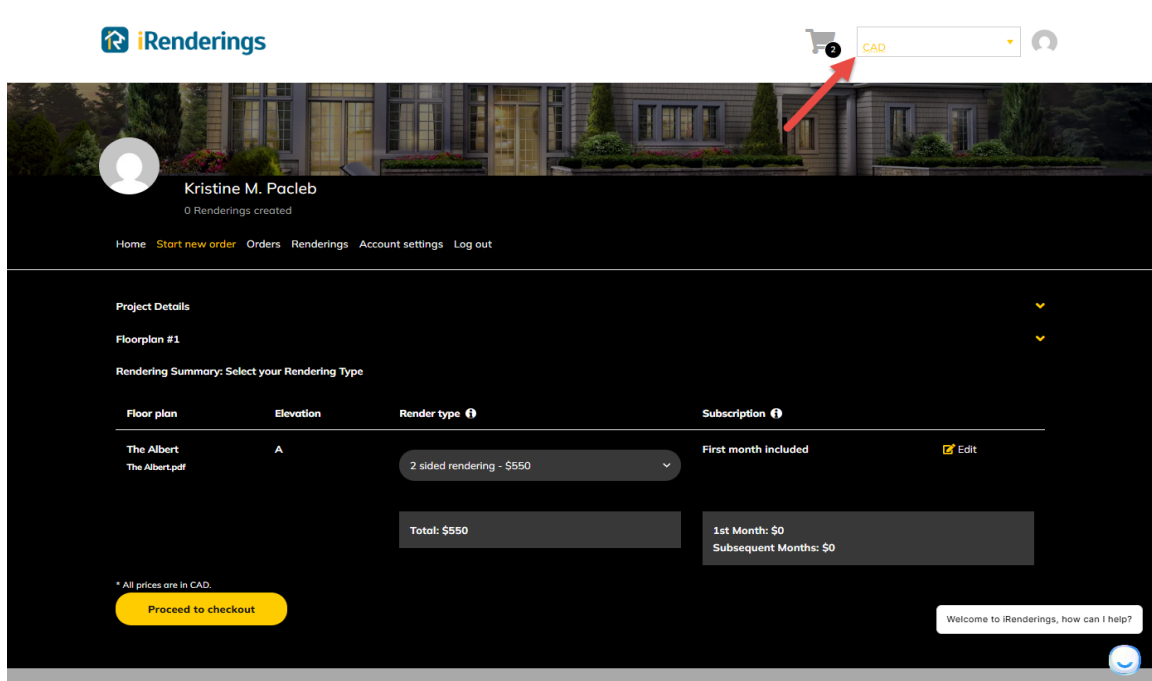

Select Rendering Type

Once you have uploaded the floor plan, you can now select the Rendering Type of your choice. From the dropdown, you can select either a 2-sided rendering or a 360-degree rendering. The first month's subscription is included with the service fee. Once you are done, click “Proceed to checkout.”

Note: The system will detect your location and set your store by default. You can change your preferred store by selecting the US or Canadian store in the top right corner.

If you need to change details about the Project or Floor Plan file, click the Edit button before you proceed with the payment.

Payment Method

iRendering accepts Debit or Credit Card, enter your Billing information to proceed with the rendering; a 50% upfront payment is required. The remaining 50% will be due upon completion of the rendering.

Select Your Landscaping Style

After submitting your order, you can select the landscape style of your preference.
Click "Select Landscape"

Pick a Landscape

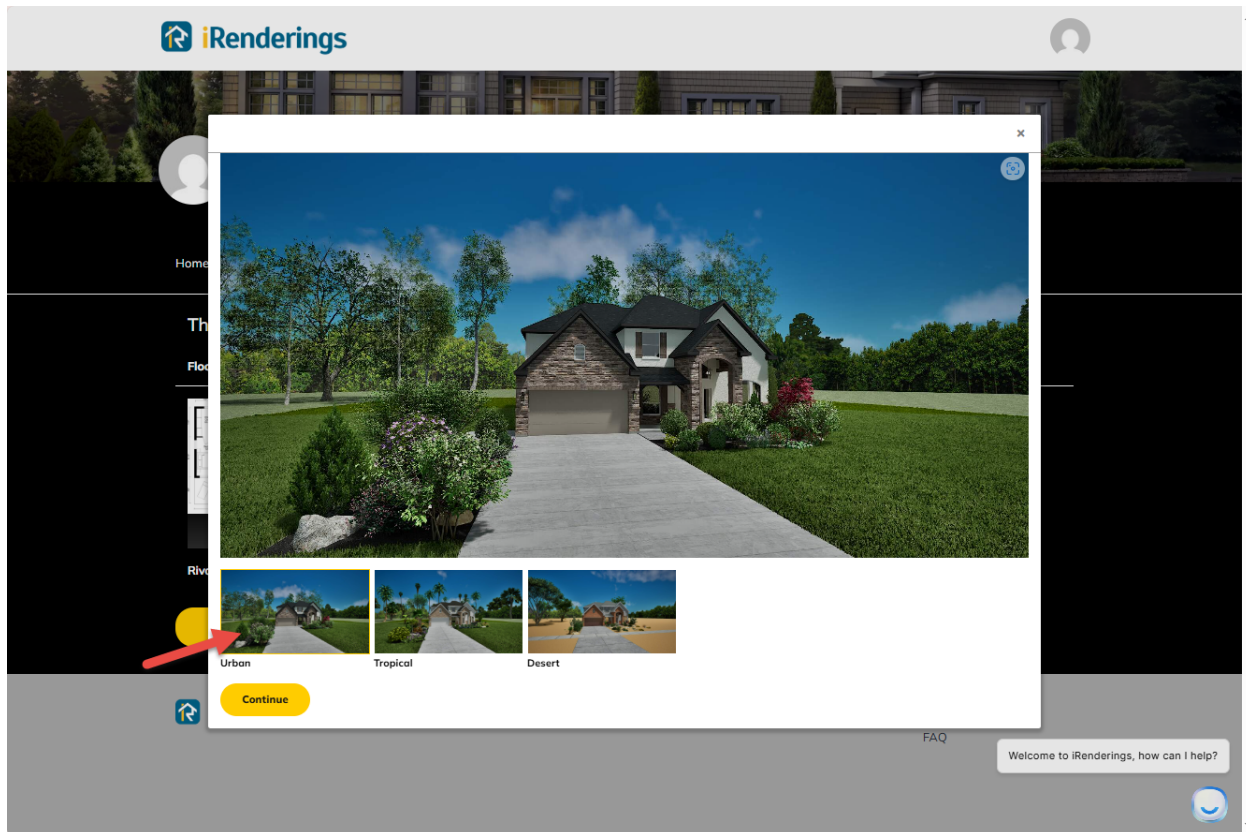

Select from the main landscapes: **Urban, Tropical, or Desert.**

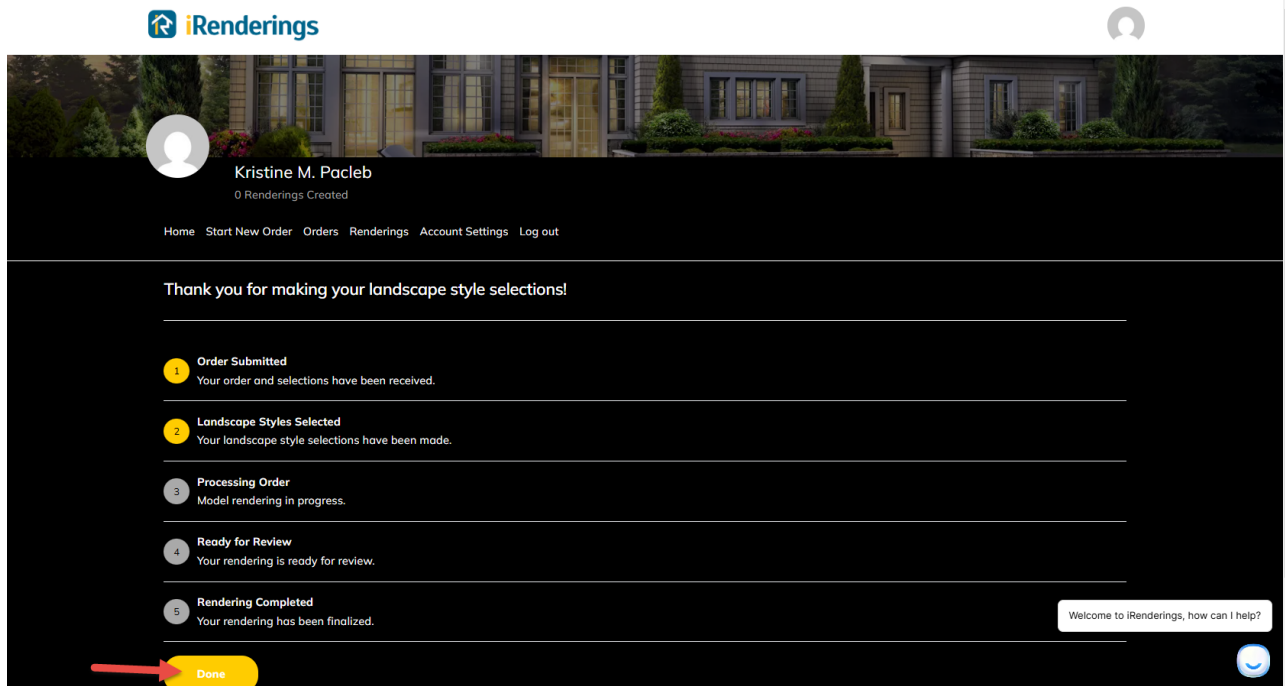

Each main landscape offers multiple variations, allowing you to select the one that best suits your preferences and project needs.

Currently, iRenderings offers support for 19 distinct landscapes, and we are actively working on expanding this range to include even more options in the future.

Once the landscape has been selected, hit “Continue” and then “Submit selection”.

The iRenderings website will guide you through the remaining steps of the process, providing clear instructions and prompts until your iRendering is fully completed and ready for review.

If you haven't selected a landscape, the iRenderings system will send you a follow-up email to remind you to ensure your rendering can be completed without delay.
